Being very conscious of how Institutional Politics influence procedure, I asked the Assistant to inform me of the method to use to have my Question Papers returned for my records and scrutiny and she gave me your name and Office as the avenue for redress.

Mr. Nelson, in my opinion, both Question Papers were very well prepared and I had great pleasure attempting to answer them, the first more than the second. The passages in Paper 1 were beautiful, focused and timely and although I challenged the Author of Passage 1 with my summary and attempted to explain the basis for the challenge in my essay, a feeling of great loss still lingers with me, since I am unable to review my work and read again this interesting preparation.

Consequently, I respectfully request that these two Question Papers, initialed and dated by me, be returned at your earliest convenience.

In addition, you may want to investigate how and why contradictory instructions were given as regards the ownership of the Question Papers and why if these questions are going to be asked annually, the UWI Bookshop here, is selling past Question Papers for 2003, 2004 and 2005 for \$50.00 TT.

Please be informed that in addition to the 2 persons copied below, the 4 persons who gave me recommendations in my application to study law as a mature student in the University of the West Indies, beginning August 2006, will be given copies of this request.

Thanking you in advance for your kind consideration.

I remain,

*Yours In Nation Building.*
